

BEST START UP BUSINESS

This award will be awarded to a company that started trading after January 2017, has beaten its original forecasts, and can demonstrate long-term potential.

WHO SHOULD APPLY?

Aimed at companies that have been trading for less than 2 years, we are looking for innovative business ideas or a clear point of differentiation. Did you identify a gap in the market for something new or perhaps you are offering an established product/ service with a special twist. The judges will be more focused on future potential rather than entrant's ability to show turnover and profit growth at this early stage.
